Benefiting Camp Bluebird and  
The Cancer Center at Providence

Providence Hospital Foundation's  
18<sup>th</sup> Annual Charity Golf Classic  
Benefiting

**Camp Bluebird**

Camp Bluebird is a three-day, two-night camp for adult cancer patients held at Camp Grace in West Mobile in April and October each year. Amidst the beauties of nature, the camp provides a time of listening, learning and caring. Patients analyze their lifestyles and adjustments in living with cancer; learn about how to give and accept family support; assess the medical needs and ways to meet those needs; and receive education assistance for medical concerns and nutrition information.

When you become a sponsor of this golf tournament, you enable many adult cancer patients to take part in this life changing experience.

**The Cancer Center at Providence**

The Cancer Center at Providence Hospital offers the best advanced treatments by delivering superior support services.

The Cancer Center at Providence delivers advanced radiation oncology through the Trilogy™ system, which unites conventional radiation treatment with image-guided radiotherapy, stereotactic radiosurgery and respiratory gating on a powerful and versatile platform. Our medical oncology services include high-dose chemotherapy with stem cell transplantation, and The Cancer Center at Providence features PET/CT for diagnosis, staging, treatment planning and treatment response. Finally, we offer access to clinical trials and a variety of patient education and support services.
